Re: Ex Parte Presentations  
CC Dkt. No.s 98-32, 98-11/98-26

Dear Ms. Salas:

On behalf of PSINet, Inc., enclosed please find two color maps which supplement PSINet's May 6, 1998 consolidated reply comments in the above-referenced proceedings. The first map shows PSINet's North American network (including PoPs and planned PoPs), and the second map depicts the PSINet's global presence throughout the world. As PSINet discussed in its Reply Comments (at 5), the Bell Companies have poorly described the actual and robust deployment of PoPs by Internet backbone providers like PSINet. The attached maps of PSINet's network and PoP deployment amply demonstrate this point. *Compare with*, U S West Petition, CC Dkt. No. 98-26 at 10.

An original and six copies of this letter, and six copies of each map, are transmitted herewith for inclusion in the above-referenced dockets. Should you have any questions concerning this matter, please feel free to contact the undersigned.

Sincerely,

Mark J. O'Connor

Attorney for PSINet Inc.
